DR. DUMBA RECALLED;  
INCIDENT IS CLOSED

Ambassador Instructed By His Government to Proceed to Vienna at Once.

Dr. Constantin Theodor Dumba, Austro-Hungarian Ambassador, has been recalled. His government has responded to the complete satisfaction of the United States government's demand for his removal from Washington, and officials here regard the incident as entirely closed. Dr. Dumba will sail from New York on October 3. Through the insistence of the United States that only an unconditional recall would satisfy this government, Austria-Hungary did not grant Dr. Dumba's request that he be permitted to come home on leave of absence to report.

Washington has been informed by the Austro-Hungarian foreign minister that Dr. Dumba's recall from Washington was final. It was this categorical and definite statement on the part of the Austrian foreign minister which made the action of his government a complete and satisfactory response to the position of the United States in the matter.

A telegram was received yesterday from Ambassador Dumba, who is at the summer embassy at Lenox, Mass., announcing that in accordance with instructions received from his government he was proceeding to Vienna at once, and requesting, also by instruction, that the United States government secure for him a safe conduct from the British and French governments.

The State Department yesterday requested the British and French ambassadors here to provide a safe conduct for Ambassador Dumba.

Britain Ready To Strike If  
Bulgars Side With Germany

Sir Edward Grey Adds Threat to Diplomatic Efforts to Keep War Moves From Taking Active Form. Teutons Moving Toward Serbia.

London, Sept. 28.—Sir Edward Grey's announcement in the house of commons today that the allies would aid "without qualification or reserve" the Balkan states if they needed help against Germany has greatly relieved the tension existing here over the mobilization of Bulgaria.

Following the energetic action taken by Greece it is believed that Bulgaria will realize that in allying herself with the central powers she would make a mistake. That she now will continue to preserve her "armed neutrality" is the belief expressed here.

The great activity on both the western and eastern fronts, it is believed here, will prevent the Germans from sending any considerable forces against Serbia at present, although an Athens correspondent reports that the Austro-German offensive against Serbia is expected to start within a fortnight. A Nish dispatch states that one Bavarian and one Wurtemberg division are advancing to the Serbian frontier from Temesvar and Arad, in Hungary.

Not Hostile to Bulgars.  
"Bulgaria has no intentions at present against her Balkan neighbors," said Sir Edward Grey. "Not only is there no hostility on the part of this country to Bulgaria, but there is a traditional feeling of sympathy with the Bulgarian people. As long, therefore, as Bulgaria does not side with the enemy of Great Britain or her allies there can be no question of British influence or force being used in any sense hostile to Bulgaria."

On the other hand, the Bulgarian mobilization was to result in Bulgaria's assuming an aggressive attitude on the side of Germany, this would be directly contrary to the policy of the allies which

is to further the aspirations of the Balkan states without sacrificing the independence of any of them. Should Bulgaria be found on the side of our enemies we are prepared to give our friends in the Balkans all the support in our power in a manner that would be most welcome to our allies, without reserve and without qualification. I believe that the views of our allies are much the same as our own."

"Our policy has been to secure an agreement between the different Balkan states which would ensure each not only independence, but a brilliant future based on the general principle of territorial and political union of kindred nationalities. To secure this agreement we have recognized that the legitimate aspirations of all the Balkan states must find satisfaction."

Policy of Germany.  
"The policy of Germany, on the other hand, has been to create for her own purposes discord and war among the Balkan states. Germany made use of Austria-Hungary to precipitate the European war with the result that Austria has been completely subordinated to Germany."

"Turkish interests would have been protected if she had remained neutral, but she was forced by Germany into the war and is now being subordinated and made dependent on Germany in order to realize Germany's aspirations."

"In the same way it was Germany's policy to use Bulgaria with the inevitable result. Bulgaria would be subordinated to Germany and though territorial gains might be promised she would lose her real independence."

"This is directly contrary to the policy of the allies."

ROBBERY VICTIM ARRESTED.

The formal exercises will take place Sunday, and will include a pontifical high mass, attended by the faculty and student body, in the chapel of Gibbons Hall. This mass will be celebrated by Bishop Shanahan, president of the university.
